Specifications

- **Dimensions:**
5.2" W, 2.8" H, 1.9" D
- **Approx. Camera Weight:**
9 oz. (Without Batteries)
- **.5" Progressive Scan CCD Image Sensor**
- **Type 1 CompactFlash¹ Memory**
- **Aperture: f5.6**
- **Focal Length: 7mm**
- **Shutter Speed: 1/3 – 1/3500 Sec.**
- **Focus Range: .1m to Infinity**
- **Equivalent ISO: 170**
- **Flash range: .5–2.3m**
- **Real Image Optical Viewfinder with AF and Zoom Target Markings**
- **File Format: JPEG**
- **Power: 4 AA Batteries (Included), or Included AC Adapter (7V DC, 2.5A)**

Camera

- **1.5 Megapixel Resolution**
1360 x 1024 pixel CCD sensor assures high-quality, sharp pictures and brilliant 24-bit color.
- **Auto Focus**
The precision glass lens system provides fast and accurate automatic focusing from Macro (close-up) range to distant shots.
- **2" LCD Screen**
The full-color, TFT high-resolution LCD screen provides instant playback of your photos and accurate framing of that perfect picture.
- **2x Digital Zoom**
One-button 2x zoom for a fast, clear close-up shot.
- **Removable CompactFlash¹ Storage**
The included 8 MB of CompactFlash¹ memory stores up to 70 photos. CompactFlash¹ memory allows the flexibility to switch to up to a 48 MB card for high-volume, no-hassle storage.
- **Macro Focus**
Allows sharp, close-up photography of images or small objects such as flowers or insects from as close as 4".
- **Built-in Flash with Red-Eye Reduction**
Automatic or manual control at the touch of a button to capture low-light action. The pre-flash mode virtually eliminates the annoying red-eye look.

Special Features

- **Self-Timer**
10-second self-timer mode allows the whole family to get in the picture.
- **Sequential Shot Feature**
Takes nine shots in the blink of an eye to catch all the action in progress. Analyze your golf swing or capture the race action in Turn Three without turning your head.
- **Automatic Exposure and White Balance Control**
Leave the camera in auto mode to automatically adjust to different lighting conditions for worry-free photography. Or, adjust the exposure manually for special lighting and/or background conditions.
- **Black-and-White and Sepia Modes**
Test your creativity with the ability to take black-and-white photos, or switch to Sepia mode for that old-time look.
- **Color Depth and Sharpness Adjustment**
Puts you in control for those special shot conditions.
- **Photosuite³ Software Included**
Put your creativity to work! Crop and resize your photos, add captions or color touches, make calendars, or print out perfect enlargements with the Photosuite³ software.

Outputs

- **Serial Connection (RS232)**
Allows fast download to your PC or Macintosh⁴ of the JPEG-based images direct from the camera.
- **NTSC Video Output**
Review your photos right from your TV screen with the included video cable. Get out the popcorn and create a slide show without the hassle of setting up the projector screen!

Included Accessories

- **Duracell² Ultra II Batteries**
- **Photosuite³ Software**
- **Camera Driver Software (for PC/Mac Interface)**
- **PC, Mac Serial Cables**
- **Video Cable**
- **AC Adapter**
- **Hand Strap**
- **Carrying Case**
